

December 9, 2021

IMPORTANT INFORMATION FOR 2022 BENEFITS

We are sending this notice to assure you that we are aware there have been significant issues with TASC Customer Care and enrollment communication for 2022 Open Enrollment.

We understand that the letters you have received contained irrelevant information which can be confusing to read and interpret. Please disregard these letters.

Please know that your coverage will **NOT** be interrupted. The plan(s) you are currently enrolled in **will** roll over automatically for 2022. **No action is needed to continue your plan coverage.**

You will have until **January 31, 2022** to make your January payment to TASC.

You will receive a welcome packet that contains your payment coupons and specific costs for the plans you are enrolled in for 2022. Please see the chart below for plans that have cost changes.

| | |
|---------------------|---|
| Minor cost increase | Open Access Distinctions Empower HRA Non-ATU Journey and Retiree National Choice |
| No cost changes | ATU Journey and Retiree National Choice Dental |
| Minor cost decrease | Vision |

We are working diligently with TASC to make sure they have the correct 2022 plan(s) and price(s) for you. When you receive your payment information and coupons, we are confident the information will be correct. For proof of premium for MSRS reimbursement, you will be able to use the information you will be receiving in the welcome packet from TASC.

If you are within your first 18 months from your last day with the Council and want to make a change for 2022, please email benefits@metc.state.mn.us with the requested change.

Please be patient and wait for your welcome packet with specific plan and premium cost before contacting TASC and the Council. If you haven't received a welcome packet by January 3, 2022, please contact benefits.
